Focal Point: basic white, mossy meadow, old olive, golden glow, and gold foil cardstock for die cutting

Layered Label or Tag: Old olive and golden glow

This is a portrait card 4.25"x5.5"

Instructions:

Instructions are given for card # 1 with the vellum layer, but all 4 cards are virtually the same template design. Switch out the designer series paper and embossing folders and desired focal point and sentiment. Two of the cards use a small strip of torn designer paper to expose a lightly colored edge. Card 4 uses a die cut stamped flora image as part of the focal point compilation of ferns.

Cut secret seacardstock 8.5"x5.5" and score 4.25". Burnish with your bone folder. Portrait Card Cut layer 3.5"x4.25" Emboss (Note: You can use designer series paper under the vellum if you wish - you can see subtle colors under the vellum, but the vellum is so thick it would be ok only to use the vellum as a layer). (Card #2 layer is embossed then sanded to show lighter color underneath)

Glue the layer to the card base.

Die cut desired ferns with the mossy meadow, old olive, and secret sea cardstocks.

Die cut flower parts out of golden glow and basic white.

Die cut label with secret sea.

Cut strip of basic white for sentiment to adhere to front of secret sea label.

Stamp sentiment with secret sea ink pad. Stamp desired fern and sentiment on basic white 4"x5.25" layer for inside of card.

Adhere golden glow and basic white flower parts together. Add dimensionals.

Stamp moth with golden glow ink pad on golden glow cardstock. Glue to top of card.

Add fern die cuts to the layer in desired manner.

Layer sentiment on secret sea label.

Using dimensionals, glue label and sentiment to front of focal point.

Add embellishments.

Project Supplies Available May 5 * List will be updated when catalog goes live.
